MOTION FOR LEAVE TO FILE SUPPLEMENT

Keily Miller ("Miller"), by her attorneys, hereby seeks leave to file a brief Supplement to her Comments and Counterproposal filed in this proceeding on June 24, 2004.

Miller recognizes that, in the normal course, filings other than comments and reply comments are not permitted. This is because there must be a point at which the record is final, and a decision can be made. The Supplement in this instance does not defeat that purpose.

Miller's Comments and Counterproposal proposed that, in lieu of a fourth FM allotment at Susanville, California, a first allotment at Durham, California, would be preferable. With her counterproposal, Miller submitted engineering material demonstrating that a site existed which meets all of the spacing requirements and places a 70 dbu signal over Durham, the proposed city of license.

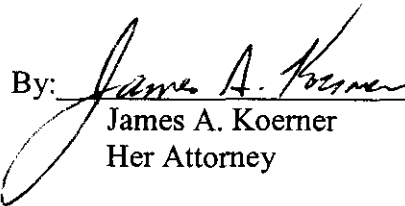

Nothing in the Supplement changes any of that information. The Supplement merely supplies one piece of information inadvertently omitted from the previously-filed information, namely the height above average terrain at the site proposed.

Acceptance of the Supplement will not delay the resolution of this proceeding. A public notice concerning another counterproposal was released August 5, 2004 (Report No. 2668), inviting comments on that counterproposal by August 20, 2004. Thus, the record in this matter is not closed. Further, no party will suffer any harm by acceptance of the Supplement, and the Commission will have a more complete record before it.

Accordingly, it is respectfully requested that the instant Motion be granted, and the Supplement tendered herewith be accepted.

Respectfully submitted,

KEILY MILLER
